**AUCTIONEER'S COMMENTS:** Might not be the biggest equipment retirement auction, but it's the cleanest most maintained you probably ever see. John always shedded his equipment, maintained it on a regular basis, and it shows. If you are looking for very clean equipment, don't miss this auction. He farmed 240 acres. Be on time, very few hay rack items. Maintenance records available from John and the local JD dealer, Hub City in Oelwein, IA. All field ready. For information on equipment, call John at 563-920-0752.
